

High Performance Lubricants

Technical Data

Groundsman 2 Stroke

A Semi Synthetic Oil For All Stationary 2 Stroke Petrol Engines.

By combining the latest additive technology with high performance synthetic and mineral base stocks Groundsman 2 Stroke is able to meet the lubrication requirements of all modern static two stroke petrol engines.

Features

Specifically designed for oil injection systems but is equally suitable for premix applications

Meets the very latest global two stroke specifications ensuring the highest standards of lubrication providing your machinery with ultimate protection at all times

Suitable for Partner, Stihl, Husqvarna, McCulloch, Makita and Oregon equipment, as well as most other equipment utilising a two stroke engine

Groundsman 2 is suitable for use in petrol fuels incorporating up to 30% ethanol by volume.

Performance Specifications / Approvals:

API TC
JASO FA, FB, FC, FD
Global ISO-E-GB, GC, GD

Typical Physical Characteristics

Density @ 15C	0.870
Viscosity @ 40C	55.0 cSt
Appearance	Clear Red Liquid
Product Code	07122

Groundsman 2 Stroke is part of a complete range of Groundsman products dedicated to horticultural use.
